

Welcome to Xavier's Steak & Wine Bar!

We invite you to browse our wine list that we prepared based on our tasting experiences with magnificent wines that we discovered on our travels and adventures in Sonoma and Napa, California.

Our wines have a focus on New World favorites from the United States, but we have also included selections from around the world, that have been hand-picked by our sommelier.

We are sure you will enjoy our selections that range from well-known wines, to some varieties that are not readily available to the public. We encourage you to try a selection from our 'private imports' that have been personally chosen by Xavier's. Private imports are marked with a grape leaf symbol. 🍇
